BLP KOSHER

I ain't licensed, I got self-defense rounds
I hit Trax, and he pulled up wit the whole ice mound
My dawg died, then I blew up; I almost put the mic down
That boi a rat terrier, 3, I put pipe down
No capybara, you a whole mouse
That's your motherfucking twin like he Cole Sprouse
Choppa hippopotamus, I call it "moo deng"
I keep kosher, 'cause the law fuck the food chain
30 ball in my pants like it's loose change
And I'll burn a bitch back, ain't no cooking me
These opp hoes gon' fuck for cheese, but I ain't wasting seed
No Kaepernick, that money callin', yo bitch took a knee

We gon' get up on him in close proximity
I'm doing shows in Ohio; I am not skibidi
She say she was from the O; bih, why you Kissimmee?
I put a safety on the Glock, trigger finger fidgety
They told me I should stop rapping; they knew it wouldn't work
Sabrina Carpenter, I blew up out the woodworks
Dropping cuts, how I put it in the hook first
Long live Cookburst

I'm a student of the game to the bone, but I ain't collagen
I could turn your whole gang to Swiss Family Robinson

OK, you're a goon; I chicken while she gobbling
It ain't smoke if it's up, bitch, it's pollen
Paint the wall and I ain't Morgan; pay my mortgage, I'm wylin'

I keep the flame, I'm waddling; all this pain I'm bottling
They were dissing on the dead, I turn this shit to The Conjuring
Glizzy poking, it's prominent
