

Endless

BLP KOSHER

I came up
I came up with something endless
I came up
I came up with something endless
All product, strapped ready to murder the show

I was walking with a limp from landing primo now I'm in the Stu with preem
Dreidel rules everything around me that bitch a D.R.E.A.M
I met a pastor on the train. He tried to sell that boy a dream
He talking to them pagans then he disappeared on Halloween

My dog in London off a pill I'm trying to look for Mr. Bean
Calf steppin imma fiend
Hyper pop it make me lean
I had to toss the magazine
Now we on the magazine
If I had a time machine
I'd meet with guru as a teen

Puffing, enemies getting more than high
And I might stop a killing I feel like Mordechai
Why do they hate moralize?
Evil, inside to mortalize
I see it in their mortal eyes
Talking is cheap, but I don't wanna waste breath. But it cost way more to lie

Dancing with the devil got normalized
Fitting right in they got normal eyes
Telling me to vote for the normal guy
What about the people at the borderline
I don't even have no sword to fight
And everybody around me sort of fried
But all the money look like Coraline
I'm on a cruise no Florida Georgia Line

I'm a go wear the chain for my big brother cause he letting it hail
Everybody else would've been competitive, he ain't letting me fail
Shadow-boxing turned into bloody knuckles. Now they tucking they tails
Lost a brother we could've went down the wrong road, but we did prevail

I had a change in heart for this
But I still connect the kit
Glock arrest the narcissists
Strapped at shows in Connecticut
Everybody gon' lack some no deficit
Fucking up a crib he ain't got no etiquette
And I got the metal I'm a gold medalist
I never think that I'd be with a veterans

I-I came up
I-I-I came up
I came up with something endless
I came up
I came up with something endless
All product, strapped ready to murder the show, yep
BLP Kosher

There it is
We came up
