

From A Far

BLP KOSHER

JBlack made a banger
Mhh, mhh, mhh, mhh

They say people change, and I see they are
Every time I catch a glimpse, she like a shooting star
Fuck your Ex man, tell that cracker we can spar
I be running into people like a shopping cart
Mmh, this just me learning how to love you from afar, form afar, from
afar, mhh

Fucked up in the head, and I'm roamin' on my lonely
I need my songs to play on all them stations like I'm Sony
Spendin' [?] 900 degrees, call me Tony
If I do this from the heart, you gon' never got to owe me
Grips on from the tape, so they can't catch me from a fuckin' thumper
Rumpelstiltskin with a Glock, shooting that shit fuckin' pumpkins
Told that cracka pass me the aux, Kosher what we fuckin' bumpin'
If I tell the crowd to jump, best believe they got to jumpin'
40 clip do gymnastics, like it's Aly Raisman
All you crackers washed up, dry like a raisin
Shit got hot, just like the state we from, it be blazin'
Know my people round me solid like the pavement, never changin'

They say people change, and I see they are
Every time I catch a glimpse, she like a shooting star
Fuck your Ex man, tell that cracker we can spar
I be running into people like a shopping cart
Mmh, this just me learning how to love you from afar, form afar, from
afar, mhh

Way deeper than the bird and the bees
There's a hole in my chest getting wider
Trigger finger itching like a titty I'ma squeeze
Jit turned to a man, I had to pull up like a diner
Ghost his ass, like [?], come break a sweat
I could bite some like a shark attack, please take me to the vet
Got my hands dirty, for the cheddar cheese, like what a mess
How you chirpin' bout a jit, but you won't even leave the nest
She want children, but my pull out game strong, like a cassette
Say that Jew he lookin' crazy, you woulda think he lost a bet
Everybody used to doubt me, that's some shit I won't forget
I was outchea with some crackheads, you was at the Parks and rec

They say people change, and I see they are
Every time I catch a glimpse, she like a shooting star
Fuck your Ex man, tell that cracker we can spar
I be running into people like a shopping cart
Mmh, this just me learning how to love you from afar, form afar, from
afar, mhh
