

Hanukkahween 2

BLP KOSHER

(No way, Hozay)

I got the chopper in the Honda and the clip long as a cord
The boy who in the striped pajamas got revenge and grabbed the torch
He hit the water with a stick and learnt to rock the paddleboard
Furthermore, I left La Quinta, tryna be at the Sagamore
I'm on the block like a hydrant, get to spinnin', Natas Kaupas
Glock came with a dick, I send nudes, you'd be astonished
Put these rappers in a yoke and then I fold them, fuck an omelette (No way, Hozay)
Open crib, I kick the door, I practice all home economics
Turn 'em frozen, yeah, I let it go, Walt Disney Pictures
Pop like I'm about to bring a new flavor, no chopped liver
Sent a threat and took it back, I had to make a lick quiver
Shit get sick, don't stick around 'cause I might be the transmitter
Ayy, easy fast, Yom Kippur
Hit the temple, grab a siddur
Too much evil 'round my way, I'm trying not to be a sinner
They say you quick, huh, huh, they know I'm quicker
I ain't no opportunist, jit, just man thirsty, malt liquor
I 'member Jew knocked the cracker nose off with bare hands
He was defendin' the girl, I rock with him for that, a real man
I'm getting cheese, Ives Dairy, one two, then pull out the band
Glock non-binary, blow dudes but look like a man
Pass it to me, I be dunkin' like it's Seymour
Strings attached, I opened up my eyes, now I can see more
I'm not a Christian, but I'll put the Jew in dior
WD40 'cause they ain't slidin', they gon' need more
They was hatin' on my music, now they gravitating
Fuck a stamp 'cause I ain't ever needed validation
Bumpin' Nas, I'm in the car just tryna get to racing (No way, Hozay)
I'll bounce 'em off the house and get the trap deflated
I'm at work, clutching pistol, Polly Pocket, rollin' dolly
Sneaking on the Tri-Rail, I'm jumpin' out to catch a trolley
She say I'm a bad dog, I dug a pit, fuck the collie
Something's fishy, so is he, I knocked him out his Guy Harvey
I just can't relax, Gumbo Limbo taste the sap
Forty rounds enough to knock a tree down, I keep an axe
Give 'em time to break it down and let them think that I was cap
Hannukkahween, horror nights I had to double back

Yeah, water, yeah, lil' ratatat
Uh, ayy, BLP Kosher, run it back

Part two in this bitch...
