

# Inferno

BLP KOSHER

(Ayo, run that up, Rami)  
(I'm smoking straight out the pack)  
Waterr

Ayy, who's your daddy? Glizzy spank 'em, knock inferno out your ass  
Athlete's foot how I be steppin', fuck your block, come feel my wrath  
Antagonist in your lil' movie, fake Crip, that boy be smurfing  
Scare the shit up out that group, Lauderdale-by-the-Sea surfing  
Homebase, he freezin' up, that beam tired like boomers, bae  
I remember skatin' switch, I bought a switch for old times' sake  
Grip thumb from throwin' down, no DNA, can't leave a trace  
Pass the Glock to Wok before I do a show, now I feel safe

I'm throwin' J's 'cause I'm a dreidel, long live Jew, 'bout you, I crank  
Metal stuck like I got staples, pterodactyl on the Drac'  
Knock on his door and do him bad 'cause what he said couldn't have been worse  
He want what with who? 'Cause if it's beef, I'm bringing knockwurst  
Standoff, I'll let it ring out 'cause I don't knock first  
I'm all up in your bougainvillea tryna let this Glock burst  
Yeah, I rap, but you'll get kidnapped, lay where you try for the offer  
He tryna be scamming the rest of his life, so I told him to start an E-commerce

Ayy, who's your daddy? Glizzy spank 'em, knock inferno out your ass  
Athlete's foot how I be steppin', fuck your block, come feel my wrath  
Antagonist in your lil' movie, fake Crip, that boy be smurfing

I love this shit, healthy endorphin  
Come to Florida, grab an orange  
Cough it up or we gon' force it  
Shit don't feel right, ParaNorman  
Oliver Twist, spin for a portion  
She gave me good head, afternoon ain't even start yet, I call it top of the morning  
Ayy, top of the morning  
She ain't never been up in a whip that's foreign  
Drumroll, demon [?] pouring  
Corncob, but hangin' off thorns  
Blood on my pants, but my coat Ralph Lauren  
Everybody try, they can't cut my horns  
I don't be fly, jit, I be out of that norm  
Hurricane Kosher '23, big storm  
I put karats in my mouth, they say it's good for eyesight  
When I get up with my lyrics, they gon' have to highlight  
This the saga of the stray, I'm showing y'all the twilight  
Can't have buds since I got wiser, let them see the limelight

Ayy, who's your daddy? Glizzy spank 'em, knock inferno out your ass  
Athlete's foot how I be stepping, fuck your block, come feel my wrath  
Antagonist in your lil' movie, fake Crip, that boy be smurfing
