This ain't no happy ending you'll get touched  
No shiatsu  
We pop shit

If you got the proof put it in the tapioca  
Hoes tryna bubble to the tea but I don't drink boba  
Point me to who runs the stars  
Take your bitch to bossanova  
He put the draco in his name like he big Soulja

I ain't no average joe  
This drac came with a button  
No net beefin  
Before the fame I grabbed the Mike Mcruden  
And my pantaloone pockets got a real glutton  
That boy a weasel grab his hat  
I told him check my mink

Ay ay raise your glass I turn the wine pink  
Make em blink 182 diamonds my mouth look like a rink  
Now they breathing on me in the club

If its smoke I'm bringing hickory, throw it off the dock  
Choppa came with double d's, I'm tryna motorboat the opps  
Them jits ass and they smokin flock

And Michael Meyers was a jew  
Serving FAU owls, I had the feds asking who  
That's a glock 23, but this a catch 22  
I left my jeweler on a sled, they don't let the jew on the skidoo
