Virgin Ears

BLP KOSHER

I was late to the party
130 on the dash with a Glock like I'm Carti
Fill the gap Jit Imma bridge it wish them jits good luck charlie
I smoke a whole organization you in class smoking smarties

I don't hang around puppets
Imma shoot first like lil weezy with that drake right above it
I read the 10 Commandments every Sabbath thou shall not covet
I'm at the Margaritaville hit it with no Jimmy Buffett

They don't left me lonely now they're being OD
Marni mohair wallet got me pulling out goat cheese
They know that glizzy batti just to up the ante
40 off the fucking dark web and the banshee

You act like you ain't see the feds call it pig stye
Pizza at your door two Z's your ass big pie
They tell celebs to pick a side while people's kids die
I'm pescatarian but I ain't getting used to fish fry's

Knob the whole rail your bitch kinky she like chewing years
She a stallion feed the hoe hay like the Lumineers
Jitterbugs can hear don't you violate their virgin ears
Deerfield Jit she eat my meat like venison I'm not a deer

Shake, the palm trees hit him with a macaroon
50 on my scalp you gon need some more smackeroos
Sandcastle knock him off his mound back to Boca dunes
They tried to drown me turned to Ryan Murphy way in that lagoon ay

I was late to the party

GG hold the yop if it's static stop at h.h. gregg
They ain't see no shells come to Florida grab a pickled egg
Popping pills like they Flintstones fuck it flip the bed

And I'm trying to keep a level head
Fighting Demons put it in the yolk, that's a deviled egg
Rock out with that stainless leave him brainless like a metalhead
Leave them on the concrete
What the pebble said

Them boys ass use the
Bidet
From the neck up keep it real ishod wair not the range
C black he be zoolin I be jewlin like I vape
I'm at your Adam's apple you were talking to the snake

Them boys sweet they talk to pigs that Cracka honeybaked ham
I'm screaming beautiful morning but no father don't stretch my hand
Free them Jews man this shit is real (Israel) but peace is still the plan
My Middle Eastern cousin walked so I could run so I ran (Iran)
