Blu Cantrell

Blu is a mood

When you're feelin' kinda melancholy  
And ya get somethin' never thought about  
Outta nowhere  
Once in a while there's a special moon  
And a clear sky colored pale azure  
They all have something in common  
And it's blu

State of mind

So bright it can be electric  
Or indigo  
Cobalt  
Powder  
Or Paris  
Have it any way you like

It's in every part of your life
