

# Holding On To Love

Blu Cantrell

Rearrange,  
you've changed the way  
That I love and the way  
that I live my life  
Like springtime now  
every day that I wake  
Aint the same  
as it was before

I feel so safe,  
here in your arms  
There aint no place I'd rather be  
Keep my heart right  
here safe from harm  
Don't ever take your love  
from me

Your touch reminds me of  
Why I keep holding  
on to love  
And your kiss is the reason  
That I know  
I'll keep holding on to love

It's crazy how you just came  
In my life, right on time  
When I needed you most  
Addictive, whatever  
you gave to me  
Is too strong  
for me to let go

I feel so safe,  
here in your arms  
There aint no place I'd rather be  
Keep my heart right  
here safe from harm  
Don't ever take your love  
from me

Your touch reminds me of  
Why I keep holding  
on to love  
And your kiss is the reason  
That I know  
I'll keep holding on to love

Your touch reminds me  
of our love  
Your kiss is the reason  
that I'm so strong
