

# Blondes

Blu DeTiger

I've been looking for something to make me feel alive  
Searching for somebody and I think it's you tonight

I'm too happy it's annoying  
Life is getting kinda boring  
All I really want is  
For you to  
Put me in a coffin  
And then you'll  
Lock it up and drop it  
5 6 7 8

They say that blondes  
They have more fun  
Get what they want  
Why am I so different  
I'm just sitting at home  
Feeling dumb and alone  
Trynna flex on all my exes  
Trying on all of my dresses

I've been looking for something to make me feel alive  
Searching for somebody and I think it's you tonight  
Pick me up  
Take me out  
Break my heart  
Make it hurt  
Twist the knife  
Take my love  
Say hello  
Say goodbye

Donna summer gimme hot stuff  
Wanna dance in a hot tub  
Take a dip in a hot club  
Penne penne a la vodka  
I wanna go out I wanna go out  
Cuz I can't stand what I'm about  
And I'm like WTF right now  
Like chow

They say that blondes  
They have more fun  
Get what they want  
Why am I so different  
I'm just sitting at home  
Feeling dumb and alone  
Trynna flex on all my exes  
Trying on all of my dresses

I've been looking for something to make me feel alive  
Searching for somebody and I think it's you tonight  
Pick me up  
Take me out  
Break my heart  
Make it hurt  
Twist the knife

Take my love  
Say hello  
Say goodbye

I've been looking for something to make me feel alive
