

Disappearing

Blu DeTiger

You don't know about us
You don't know about disappearing
In the feeling
You don't know about much
You don't know about disappearing
Can you feel it?

We stay on the phone for hours
Till the sun goes up
And we never talk enough
We share earbuds down the sidewalk
Turn it all the way up
But it's never loud enough

They don't, they don't see what I see
They don't know, they don't know
They talk, but we just whisper softly
They don't know, they don't know

You don't know about us
You don't know about disappearing
In the feeling
You don't know about much
You don't know about disappearing
Can you feel it?

I don't know about much
But I know about us
And I know your touch
And I know your touch
I don't know about much
But I know about us
And I know your touch
And I know your touch

We float up into the ceiling, never coming down
Yeah, my head stays goin' round and round and round and round

In movies, they're just telling stories
They don't know, they don't know
A heartbeat, the rushing in my bloodstream
They don't know, they don't know

You don't know about us
You don't know about disappearing
In the feeling
You don't know about much
You don't know about disappearing
Can you feel it?

I don't know about much
But I know about us
And I know your touch
And I know your touch
I don't know about much
I don't, I don't
But I know about us

And I know your touch
And I know your touch
