

## Figure It Out

Blu DeTiger

One, two, three

Don't know what you're sayin'  
You're flyin' higher than a plane  
And I'm not complainin'  
It's gettin' too loud, we'll figure it out  
I'm out of my brain  
Your t-shirt is ripped and it's all the same  
You don't know my name (What?)  
It's gettin' too loud, we'll figure it out

All mine  
You say you wanna be  
My all time  
You say you wanna be  
Who's that guy?  
You say you wanna be but  
You already had it  
And I'm not about it, now

Don't know why you're playin' (Yeah, why?)  
There's so much more to the fame  
But I'm never changin' (Nah)  
You're gettin' too loud, we'll figure it out  
You're losin' your own game  
While I'm switchin' lanes the Danica way  
I started my day up (Yeah)  
I can't really wait up

Figure it out, just figure it out  
You'll figure it out, just figure it out, just figure it out  
We'll figure it out  
Just figure it out  
We'll figure it out, figure it out, figure it out  
We'll figure it out

All mine  
You say you wanna be  
My all time  
You say you wanna be  
Who's that guy?  
You say you wanna be but  
You already had it  
And I'm not about it, now

Figure it out, just figure it out  
You'll figure it out, just figure it out, just figure it out  
We'll figure it out  
Just figure it out  
We'll figure it out, figure it out, figure it out  
We'll figure it out
