

# Overdrive

Blu DeTiger

I'm alive  
Used to be in overdrive  
My head was spinning all the time  
Look at what you're doing

It was a movie scene  
Auditioning for girl number three  
But I'm more of a young Meryl Streep  
Look at what you're doing

I can't believe you had me spilling all over the place  
'Cause I don't feel a thing when I see you  
Dancing on the side of the stage  
Huh

You're the one who turned it up into overdrive  
Now you're the one up in the front, wanna lose your mind  
And all I wanna do, all I wanna do  
Is leave it all behind, leave it all behind  
But I'm the one who sets you off, and we're going right to over  
drive

Drive you insane  
Always wanna hit replay  
It's something that we can't explain  
Look at what you're doing

You know I'm so divine  
Always living by the signs  
But now I'm on my own  
And I, I know what I'm doing

I can't believe you had me spilling all over the place  
'Cause I don't feel a thing when I see you  
Dancing on the side of the stage

You're the one who turned it up into overdrive  
Now you're the one up in the front, wanna lose your mind  
And all I wanna do, all I wanna do  
Is leave it all behind, leave it all behind  
But I'm the one who sets you off, and we're going right to over  
drive
