(Verse 1: Blu)

Extraordinary banda individual  
Standin' at the manda that's the dismissable  
Peace to the nation, got patience to sing to you  
To the two one puttin' truth in the lines  
In the booth with glass orange juice to the lime  
Ballin' must play hoops all the time, spot it bounce put the boost  
In her spine, had to give her a reason to rewind  
So you ain't got to... tell her slide through  
Pop bottles with models and hit the drive through  
Kama sutra for kamasutras, spanish models with the sombre movements  
One two like I stomped to it and uncut like without condom usage  
R-A-W n what the f\*\*k is you doin'? (Nothin)  
Selling them lines to the kids

(Hook)

A nigga gotta live

(Verse 2: Blu)

Snotty nosed kid, now the crop since kickin rowdy rhymes  
Young ridin' hypha got the party loud like a twenty five to lifer  
Fresh out the cypha surfin' line like slung coke  
So came by the ocean on the coast or open on a dope overdose  
It's over dosage, so sleep, no sweat techniques, no joke  
One toke smoking on the best trees, floatin' in the sea  
Back strokin', 'till the river runs dried up, spill a loogy young blu-ey  
Got the fire, he provide every came your supplier  
Liars hangin' on telephone wires, the B-L-U in the...
