How bizarre  
Now you're all confused  
I ate your heart  
Made it clear I  
Wanted one bite  
Oops then you fell in love

How bizarre is this  
You could be my witness  
All I need is a kiss  
To feel complete bliss  
Shivers up and down my spine  
Looking up to the divine  
Hold me close to you  
I promise I won't bite  
All my sickness  
Comes out at night  
You're just so wicked  
But you got me tempted  
'Bout to risk it  
Take my life

How bizarre  
Now you're all confused

I ate your heart  
Made it clear I  
Wanted one bite  
Oops then you fell in love  
How bizarre
