

buggin me

bludnymph

Drivin fast I can't stop
You just blathered up my windshield
I wash it wash you off
I know you wish that I would yield
I pass all the cars
While I'm smashin your heart
I surpass all the laws
I don't need a jump start

You a lil bug, got the bug spray
You been buggin me
Want my love that's so funny
Won't be huggin me
I been chuggin the bombay
Life of the party
I'm the hottest drug not no gateway
Addicted to me

Ima need more soap for the audi
Nother coat for the body
Mosquito you can fly in
Its a gloat but I'm shinin
Yeah my car matters more
Than a lil stupid wimp boy
If you were a worm
I would feed you to the fish boy

You a lil bug, got the bug spray
You been buggin me
Want my love that's so funny
Won't be huggin me
I been chuggin the bombay
Life of the party
I'm the hottest drug not no gateway
Addicted to me

Got the zapper ima
Zap zap zap zap
Sugar trapper ima
Trap trap trap trap
You wanna sit up on my
Lap lap lap lap
You just a pest you a
Gnat gnat gnat

Stupid lil bug

You a lil bug, got the bug spray
You been buggin me
Want my love that's so funny
Won't be huggin me
I been chuggin the bombay
Life of the party
I'm the hottest drug not no gateway
Addicted to me
