

F*ck To This

bludnymph

Keep putting myself in the same position
At this point my behavior must be addiction
At the cliff's edge I let go, I dove
I'm ripping my stitches, I know, I know
Fall, falling
Crawl, stonewalling
I keep delaying the healing I'm praying for
Can't find my cravings I'm begging for more

I just wanna block
I just wanna block
I just wanna block out my bullshit
I just wanna rock
I just wanna (what)
I just wanna rock out, go stupid
I just wanna block
I just wanna block
I just wanna block out my bullshit
I just wanna fuck
I just wanna (what)
I just wanna fuck to my music

Brain can't relate, another wavelength
Great, great, Aristotle
Self I medicate, try to numb the weight
Shake, shake, empty bottle
What's ya make, make, make and model
Stake, stake, stake's colossal
I'm not a whore but baby I love laying horizontal
I'm a problem, I'm so awesome
I want you to spoil me rotten
I'm a demon, I'm a goblin
Caught up in my web like Charlotte

I just wanna block
I just wanna block
I just wanna block out my bullshit
I just wanna rock
I just wanna (WHU?)
I just wanna rock out, go stupid
I just wanna block
I just wanna block
I just wanna block out my bullshit
I just wanna fuck
I just wanna (WHU?)
I just wanna fuck to my music

New verse, new purse
Keep my Glock on me in the uber
Test me and I'll shoot you in the pooper
I'm too cool and you a fucking loser
Fuck a car, I'm only riding scooters
Stuck in his head like a tumor
I be in his dreams, Freddy Kreuger
Boyfriend watching me on his computer
I like 'em older, yea I like a cougar
Robbing on robson, yeah I'm in Vancouver

I'm doing great, yea I'm doing super
How are you ugly with no sense of humor
Sucking me up like her name is Hoover
A star is born, I'm Bradley Cooper
You for the streets, I call you Future
You looking old, ok boomer
I'm a problem, I'm so awesome
I want you to spoil me rotten
I'm a demon, I'm a goblin
Caught up in my web like Charlotte

I just wanna block
I just wanna block
I just wanna block out my bullshit
I just wanna rock
I just wanna (WHU?)
I just wanna rock out, go stupid
I just wanna block
I just wanna block
I just wanna block out my bullshit
I just wanna fuck
I just wanna (WHU?)
I just wanna fuck to my music
