

How To Kill

bludnymph

First things first find someone who crossed you, that you wanna cross right off

Then find your weapons that'll be second, get them at the candy shop

Knife is sharpened up, oh it's shining

I don't need a gun, I be slicing hmm

First things first make sure you unwinded, once you start don't stop

Duct tape and handcuffs

Plastic and gloves

You fucking me up

Look at what you made me

You called the reaper

I'm picking up

You wanted to meet her

Let me show you baby

Buckle up in the getaway car

Rolls Royce, tinted windows in the dark

Guess I'm dumb 'cause I gave you my heart

I got mine now you get your scars

Will she do it, will she not, oh she will

Now our love is a grave on the hill

Said you'd die for me, oops, now it's real

You wanted thrills baby, here's how to kill

Oops, oh-na-na, na-na-na-na na-na-na

Oops, oh-na-na, na-na-na-na na-na-na

Oops, oh-na-na, na-na-na-na na-na-na

Oops, oh-na-na, na-na-na-na na-na-na

Said you'd die for me, oops, now it's real

You wanted thrills baby here's how to kill

Dearly departed, I didn't start it, you're the one that went first

Swore you promised, but you weren't honest, now we all getting hurt

Gotta put a nail, in the coffin

Blud is on our hands, gotta wash them

Dearly departed, I didn't want this, RIP to us
