

## jack & jill

bludnymph

Was it all lies  
Just nursery rhymes  
How many times do  
We have to go through  
This agaaaiiiInnn  
We're we playin preteeeeennd

Jack & Jill  
Tumble down the hill  
Is this even real  
Will we ever heal  
But when we were both up there I saw all the views of the city  
And it looked so pretty  
Just like you  
Just like me

Can't you see it?  
Did you see it?  
I always dreamed it  
But now I can feel it  
It's right here  
You and me  
It was real  
You and me  
Fetch a pail of water  
I keep gettin hotter  
And I need you to help me  
Cool down  
I know we fell down  
Know we both broke our crown  
But not all is lost  
I still have what you taught me

Jack & Jill  
Tumble down the hill  
Is this even real  
Will we ever heal  
But when we were both up there I saw all the views of the city  
And it looked so pretty  
Just like you  
Just like me

Just like you  
Just like me  
Not hard to  
It's not hard to see  
Where I went wrong  
And you followed along  
Thought that we were stronger  
That that we'd last longer  
Wrap it up wrap it up wrap it up  
Wrap it up wrap it up wrap it up  
It's not enough  
It's not enough  
It's not enough  
It's not enough  
Wrap it up wrap it up wrap it up

Wrap it up wrap it up wrap it up  
It's not enough  
It's not enough  
It's not enough  
It's not enough

Jack & Jill  
Tumble down the hill  
Is this even real  
Will we ever heal  
But when we were both up there I saw all the views of the city  
And it looked so pretty  
Just like you  
Just like me

Was it all lies?  
Just nursery rhymes?  
How many times  
Do we have to go through this again?  
Were we playin pretend?  
Were we playin pretend?  
Were we playin pretend?  
I don't wanna go through this again
