

Moonwater

bludnymph

We used to make magic moonwater
You were my mom and I was your daughter
Then you went and hurt my heart even harder
I tried to help you but you were the martyr

Is this gonna go on for much longer?
I miss you mom, do you miss me at all?
I don't think that I can keep getting stronger
I need you mom, don't you need me at all?

(Used to make magic moonwater) Moon
(Used to make magic moonwater) Water
(Used to make magic moonwater) Moonwater
Do you-

We used to make magic moonwater
You were my mom and I was your daughter
But then you went and hurt my heart even harder
I tried to help you but you were the martyr

Is this gonna go on for much longer?
I miss you mom, do you miss me at all?
I don't think that I can keep getting stronger
I need you mom, don't you need me at all? (At all, at all)

Don't you need me at all? (Oooh~)
Don't you need me at all? (Oooh~)
Don't you need me at all?
Don't you need me, mom?
