

Popsicle (Extra Sticky)

bludnymph

It's gonna be a hot hot summer baby
Come and try blud's nymphsicles to help you cool down

Got a sugar addiction, I make bad decisions
I wish I would listen but I just wanna stay
Now my hunger has risen, I can't help but give in
I pray I'm forgiven, I cannot get away

Yeah I got a sweet tooth
I want another taste of you
Yeah I gotta stay cool
Nobody does it like you do

Need to cool down, keep sucking on the popsicle
If you melt me down just remember that it's washable
Trickle down my wrist, take a lick, it's phenomenal
Drop it on the floor, you're too fucking irresponsible

I bite my ice cream with teeth
Tryna find what's underneath
I let you take the lead, you've forgotten how to feed
I can't delete all those bad memories

Yeah I got a sweet tooth
I want another taste of you
Yeah I gotta stay cool
Nobody does it like you do

Need to cool down, keep sucking on the popsicle
If you melt me down just remember that it's washable
Trickle down my wrist, take a lick, it's phenomenal
Drop it on the floor, you're too fucking irresponsible

Ooh ah, bitch I'm famished
Licking on your ice-cream sandwich
So romantic, all I understand is
We be melting, running outta bandwidth
And I can't cool down 'cause I need you around
It's too hot outside with the sun beaming down
Got my head in the sand, pretty problems still pound
I just wish it wasn't so delicious

Slurping my sorbet, spend all day up in my buffet
Into my dots like a lot, we just love to play
Wouldn't say I'm picky but I like it extra sticky
Missy wanna come and lick me, need a wet wipe, I'm so filthy

Ooh ah, popsicle, sucking on your popsicle
Ooh ah, popsicle, sucking on your popsicle (your popsicle)
Ooh ah, popsicle, sucking on your popsicle
Ooh ah, popsicle, sucking on your popsicle
