

rosetta stoned

bludnymph

Speak in hieroglyphics
Can you speak it so I hear it?
Cause I don't know what you sayin
Can you quit this playin?

I don't understand you no I don't understand you like
Rosetta stone
I just got rosetta stoned
Bitch just
Throw me a bone
I been barkin all alone
I don't
Know where is home
But I feel it when you moan

I say
That I can't stand you because you got a plan to
Get me all tied up so that I'll never give you up
I can't give you enough
Cause you deserve so much
Might not have what you need
But I got what you want

Just tell meee
Just tell meee
What you mean
I know I've got what you need

I don't understand you no I don't understand you like
Rosetta stone
I just got rosetta stoned
Bitch just
Throw me a bone
I been barkin all alone
I don't
Know where is home
But I feel it when you moan

Just tell me what you wanna hear
I'll whisper in your ear
Just tell me my dear
And I'll tell you whatever you like
It can be mean
Or it can be nice

I can not stand u
But I can't not have u
Whatever you want to
That is what I'll do

I don't understand you no I don't understand you like
Rosetta stone
I just got rosetta stoned
Bitch just
Throw me a bone
I been barkin all alone
I don't

Know where is home
But I feel it when you moan

I don't understand you no I don't understand you like
Rosetta stone
I just got rosetta stoned
Bitch just
Throw me a bone
I been barkin all alone
I don't
Know where is home
But I feel it when you moan
