

Freedom (tribute to Frida Kahlo)

Blue Café

I long for all my freedom
I want to feel it now

Where is my freedom
Where is my freedom
Must find it and live again /x2

I see you want my freedom
I see you want it all

Where is my freedom
Where is my freedom
I guess that I've lost it somehow /x2

I feel you want my freedom
I feel you want it all

Where is my freedom
Where is my freedom
I guess that I've lost it somehow /x4
