

# You May Be In Love

Blue Café

Every day, every night  
Everyone needs some love  
Every day, every night  
Everyone needs some...

Will you sing for me?  
yeah!

I won't search, i won't lie  
I don't need another guy  
Now my love i have found  
I won't search for other guys  
I know you, you will laugh  
Boy you haven't tasted  
Your love  
I feel love in your eyes  
You don't want  
to let inside

chours:

You may be in love  
I'm funny to you  
You may be in love  
I know you can do  
You may be in love  
I'm funny to you  
You may be in love

You deny many times  
You think 'bout it all the time  
You will run, you will hide  
Love will get to where you are  
Why you think, you define  
Boy you cannot find the love  
You will run, you will hide  
Love will find out where you are
