

## As Long as I Live

Blue Cheer

Please don't string me out  
Don't make me walk the line  
My life was meant to give  
And I'll give as long as I live

Come on, go to any place  
If I could just reach you  
Relax, let yourself go through

Grooving is the only route  
I say you go every time

Come on, go to any place  
If I could just reach you  
Relax and let yourself go through

All these emotions powder your mind  
I need a world of trust  
And I'm gonna give  
As long as I live

Hey, I'm gonna give, give  
As long as I live, yeah  
Yeah, I'm gonna give  
As long as I live, live  
As long as I live
