

# My Day

Blue Foundation

As we're nearer to the end;  
Here we are again  
Seems like we're always working  
At this time of year

We have come a long way, my friend  
How many hours we have spent  
Seems like we're always working  
At this time

This is my day  
And I wanted you to know  
This is my day  
And I'm gonna be okay

Through the steady sweep of days  
Keeping focus as the currents race  
Seems like we're always working  
At this time

This is my day  
And I wanted you to know  
This is my day  
And I'm gonna be okay
