

Freak-N-Stein

Blue Magic

They call me Freak-N-Stein
They say I'm outta my mind
They call me Freak-N-Stein
They say I'm one of a kind

I'm a man, like other men
Got no wires comin' out of my head, no
I'm an ordinary human being
With an extraordinary chemistry

Yes, there's a monster (There's a monster)
In my soul
I love the ladies, they drive me outta control

They call me Freak-N-Stein
They say I'm outta my mind
Freak-N-Stein
They call me Freak-N-Stein
They say I'm one of a kind
Come on

I'm so unique (So unique)
A funky freak (Funky freak)
Got to get down every day of the week
I love the ladies and they love me too
While I'm dancin', they say, "Oh, he's cute"

But there's a devil livin' inside my brain
All it thinks about is music and love
And he never, ever gets enough, oh no
