

Your Attention

Blue Man Group

Your attention please
Please yell if you are paying attention
(AAHH!)

Please yell if you are paying attention
(AAHH!)

Place your attention entirely on my voice
Try to ignore all the others
It is important to be able to focus on a single source of information while blocking out all the other things that are competing for your attention.

Place your attention on all this
Stop listening to my voice and move on to one of the other voices before it's too late
If you are still listening to my voice this means that you have poor control of your attention

Place your attention on my voice but also try to focus on the other words you hear at this time
To experience all the words in this song you will have to keep listening to my voice during the ceremony
Today you have to be able to focus on several things at once which can cause severe irritation.

Your attention please
Please yell if you are paying attention (AAHH!)
Please yell (AAHH!)
Please yell (AAHH!)

Your attention please
