

It's Just Me

Blue October

A

I lost a piece of me in you;

D

I think I left it in your arms.

E

I forget the reasons I got scared,

D

A

But remember that I cared quite a lot.

A

You see but lately I've been on my own.

D

Yeah one, but one by choice.

You see, thats a first for me,

E

There's only me, yeah theres only me,

D

And now I realize for once,

A

It's just me.

F#m

It's just me.

D

It's just me,

E

And I'll find a way to make it,

C#m

F#m

There's noone left to stop me.

D

Here I go.

E

A

Can we take it from the top?

A

A/As

So why so long?

F#m

So sad, I wanna be strong.

Don't try to take this from me.

D

A

I'm already spent living half my life undone

A

A/As

So why so long?

F#m

So sad, I wanna be strong.

Don't try to take this from me.

D

A

I've already spnt my life living half undone.

A

I've been talking to my aunts and uncles, mom and dad again.

D

I've been finding out that I have what this world calls friends.

E

I've tried to push them all away,

D

They push me back and wanna stay

A

And that's one good thing I have.

A

I'm gonna feel a peace in me,

I'm gonna feel at home.

D

I'm gonna make this cloud above me disappear, be gone.

E

D

I wanna feel a punch inside, my heart beat on the floor.

A

I don't wanna hurt no more.

F#m

Yeah it's just me.

D

It's just me

E

And i'll find a way to make it.

C#m

I used to smile but don't no more.
