

Moving on (So Long)

Blue October

You always said that I would never find a better one
Well look at me, I did that shit
Well come on now, come on now
You always said that I would end up alone, well
Look at me, I'm on top of the world
You were wrong now, you were wrong now

You like it better when I'm falling apart
It's easier for you to go and break my heart
Come on now, yeah, come on now
Oh oh well the best way to get back at you
Is to live my life, be happy and true
Come on now

Yeah I've been hurt but I'm moving on
So long, so long
Yeah I've been hurt but I'm moving on
So long, so long
We've all been hurt, yeah

You're not good for my soul
The one that cares less always has control
Well I'm taking that back, and you'll be amazed
'Cause I only get better looking with age

You like it better when I'm falling apart
It's easier for you to go and break my heart
Come on now, yeah, come on now
Oh oh well the best way to get back at you
Is to live my life, be happy and true
Come on now

Yeah I've been hurt but I'm moving on
So long, so long
Yeah I've been hurt but I'm moving on
So long, so long
We've all been hurt, yeah

You're not the one to give
My life is mine to live
You thought I'd take you back, well
Yeah, I'm not going to
I wrote you a hundred songs
So here's your final one
Now you're the lonely one
I'll never take you back

So long, so long
(You always said that I would never find a better one)
Yeah I've been hurt but I'm moving on
So long, so long
(You always said that I would end up alone, well)
We've all been hurt but I'm moving on
So long, so long
(You always said that I would never find a better one)
Yeah I've been hurt but I'm moving on
So long, so long

(You always said that I would end up alone, well)
We've all been hurt but I'm moving on
So long, so long
We've all been hurt, but we're moving on
So long, so long
We've all been hurt, yeah
