

# This is What I Live For

Blue October

It's what I live for  
Falling on top of my head  
Caught in a landslide  
(Tumbling down again)

Part of me just dies  
Peeling me out of my skin  
Caught in a landslide  
(Falling down again)

This is what I live for  
This is what I live for  
(Falling down again)

I'll never look back  
Over my shoulder again  
It's what I live for  
(Falling down again)

Part of me just dies  
Peeling me out of my skin  
Caught in a landslide  
(Falling down again)

This is what I live for  
This is what I live for  
(Falling down again)

I have to find a way  
To make sure that you're okay  
But no one answers me

I walk around  
This lonely city

I walk around this lonely city  
To make sure that you're okay  
But no one answers me  
Cause no one hears at all

This is what I live for  
This is what I live for  
(Falling down again)

This is what I live for  
This is what I live for  
(Falling down again)

I'll never let go

This is what I live for  
(Falling down again)

I'll never look back  
Over my shoulder again  
It's what I live for  
(Falling down again)
