# Time Changes Everything

**Blue October**

Look forward to the break down
Pay attention to the worst
The uneducated fail rate
Cause they said it wouldn't hurt.

Time changes everything
So remarkable
Time changes all
Time changes everything
But be careful what you wait for

Fake it till you make it
Consistency the yolk
If you live like someone's watching you
You'll be the egg that never broke

No more screaming, "someone save me"
No more echoing the fail
Where there's wind... be a hurricane
Cut the anger set the sail
Set the sail
Set it

Time changes everything
So remarkable
Time changes all
Time changes everything
But be careful what you wait for

I never needed to win
I never needed anything
I never needed to win at all
I never needed to win
I never needed a win
I will stand here in awe
So I stand...
