

Trust You

Blue October

You wouldn't know me if you came back
You wouldn't last one day
I don't care what you came here for
Or what you want to say

Yea, pure bliss is what I'm on
And you got in the way
Happiness is when you're gone
You get in the way

I don't think that I trust you
I think you should know
That I don't even like you
I think you should go

Just go
You're so pretty but your mouth fucks that up
You don't make no sense
Yea you sing but you don't got no heart
That don't make no sense

Yea, pure bliss is what I'm on
And you got in the way
Happiness is when you're gone
You get in the way

Look, I don't think that I trust you
No
I think you should know
And that I don't even like you
I think you should go
But I think you should go

Look, I don't think that I trust
I think you should go
And that I don't even like you
I think you should go
But I think you should go

I don't think that I trust
No
I think you should know
And that I don't even like you
I think you should go
But I think you should go
I think you should go
I think you should go
Think you should go
