

Secret Road

Blue Öyster Cult

I wish I could tell you that you'll get a break but there's no
way to tell just what it would take one thing
I can tell you is how the world will end it'll end with a whimper
and not with a bang

I'm sorry but it's true
I'm so sorry that it's true
Still there's something better for you
There's something better for you
There's a secret road

If God had a heart that touched each and everyone
We would reach for each other instead of a knife or gun
We're like a harvest, our life the staff some of us are wheat and
some of us chaff

And I'm sorry but it's true
I'm so sorry that it's true
Still there's something better for you there's something better
for you
There's a secret road a secret road

Some people get trapped in the rut and surrender their will
Those people don't make the cut let's hope they ate their fill
Some people make it, they learn the trick
They make it to the song and they rock in the final mix

And I'm sorry but it's true
I'm so sorry that it's true
Still there's something better for you there's something better
for you
There's a secret road a secret road

If you know how to choose if you're aware enough to choose there
's a secret road for you
A secret road for you
A secret road
