

## 1000 Arms

Blue Rodeo

Janie only cries when she drinks  
That's when she wakes up all the neighbourhood  
Leaves a trail of tears around her feet

Janie says that she never knows  
But she's afraid of how it just comes and goes  
Afraid she'll lose her way on her own street

But all the cops they know about her  
She's got so many friends around her  
That when she feels she's sinking down  
There's a thousand arms to bring her back around

Janie says that she never sleeps  
She wears a red fur hat in the summer heat  
Leans her painted bike against your door

Catch her when she goes for a walk  
She says it calms her down just to hear you talk  
You tell her things you've never said before

Janie looks right into your eyes  
Says you must realize  
Not everything you think is true  
And the writing on the wall is there for you

I know it's hard to see life so many ways  
You get caught up in the thick of it  
You don't know what you think of it  
One thing she told me is when you feel you're so confused  
You just wait until the moment passes  
Wait until the moment fades away

But all the cops they know about her  
She's got so many friends around her  
That when she feels she's sinking down  
There's a thousand arms to bring her back around
