## **Crying Over You**

**Blue Rodeo** 

Cryin' cry cry over you My tears keep fallin' I'm still bawlin' I'm just missin' you

'Cause ever since that day we parted I'm deep down broken hearted And that's why I keep cryin' over you

I can't believe the way you've been treating me Just to bring me down and make me feel so blue 'Cause I remember when you were the sweetest girl Told me that you loved me and you said goodbye And that's why I keep cryin' over you

Cryin' cry cry over you My tears keep fallin' I'm still bawlin' I'm just missin' you 'Cause ever since that day we parted I'm deep down broken hearted And that's why I keep cryin' over you

I can't believe the way you've been treating me Just bring me down and make me feel so blue 'Cause I remember when you were the sweetest girl Told me that you loved me and you'd said goodbye And that's why I keep cryin' over you

Cryin' cry cry over you My tears keep fallin' I'm still bawlin' I'm just missin' you 'Cause ever since that day we parted I'm deep down broken hearted And that's why I keep cryin' over you

That's why I keep cryin' over you
