

Enemy

Blue Stahli

Lost in the time, in the way
Gone but not forgotten
New secret crimes to repay
Now the walls have fallen

And so it's now or never

I'm breathing in
I'm breathing out
I'll cut the ties
That hold me down

I'm breathing in
I'm breathing out
I'll be the enemy

Caught, quicksand grip pull me in
Whisper faith in sickness
Soon kill the myth, I'll begin
Be the first to witness

And so it's now or never

I'm breathing in
I'm breathing out
I'll cut the ties
That hold me down

I'm breathing in
I'm breathing out
I'll be the enemy

I'm breathing in
I'm breathing out
I'll cut the ties
That hold me down

I'm breathing in
I'm breathing out

I'm breathing in
I'm breathing out
I'll be the enemy
