

# Backstreet Heaven

Blue System

Oh baby, when I hold you, tell me  
Is this the last time?  
Tell me your dreams, tell me  
And then I'll tell mine

Lady, when I touch you  
Everything will turn out fine  
Baby, I know, kisses are from heaven  
Oh, it's like, babe, my first time

Baby, tell me  
Why did you leave this backstreet heaven?  
Why did you leave me?  
Darling, I know it's hard, hard to be mine, oh no

Baby, tell me  
Why did you leave this backstreet heaven?  
Why did you leave me?  
Darling, I know love is so hard to find

What a difference a night makes, tell me  
Is this the last dance?  
It's April in Paris, tell me  
It's time for a romance

Behind my tears, girl  
I can see forever, girl  
Baby, I know tears made in heaven  
Baby, don't destroy my world

Baby, tell me  
Why did you leave this backstreet heaven?  
Why did you leave me?  
Darling, I know it's hard, hard to be mine

Lead me through the darkness, oh no  
Babe, save your last kiss  
Oh, darling, let me with you once again

Baby, tell me  
Why did you leave this backstreet heaven?  
Why did you leave me?  
Darling, I know it's hard, hard to be mine, oh no

Baby, tell me  
Why did you leave this backstreet heaven?  
Why did you leave me?  
Darling, I know love is so hard to find
