

Crying Game

Blue System

Gimme energy
That's what I feel
Oh your blue eyes make it real
Love in the rain
Like a crying game
Gimme energy
Oh can't you see
That your body's next to mine
Love you in the rain
Like a crying game

Anything I wanna do
Anything - we'll rendezvous
Oh love is good and good to me
Love is like a galaxy
Anything from wrong to right
Anything turn into light
Love's good - oh good to me
Love is like fantasy

Oh anything will turn into blue
Anything if you're not true
Oh loves good oh good to me
Oh love's like a memory
Oh anything is fast or slow
Anything if you will go
Oh loves good oh love to me
Love is like a symphony

Oh I'll be there in your heart
In the nihgt and in the dark
Like a crying game
Like a crying game
