

Don't Do That

Blue System

Dont do that (dont do that)
Dont do that
Dont do that (please dont do that)
Dont do that

I can love you - love you little chinagirl
Youre living in a secret world
And I dont know if its easy
Babe, when youre falling in love
I can leave you - but I promise to return
Oh, I know your heart will burn
Oh, I dont know if its easy
Babe, when youre falling in love

Dont do that (dont do that)
You break my heart (breaking my heart)
I fall in love (falling in love)
You break apart (breaking apart)
But if you go I lose my love
If you go Ill never love
Dont do that (dont do that)
Dont do that to me

I can leave you - if you look at me this way
Meet me in my dreams and say
Oh I know its not sweeter - sweeter when youre falling in love
I can leave you - no more nights with no end
Babe, I know you understand
Oh, I know love is sweeter - sweeter when youre falling in love
