

## Love You More

Blue System

Oh, you're flirting with disaster  
In that lonely night café  
And you made my heartbeat faster  
Baby, love'll find the way  
Can you see my tears ?  
Babe, ooh, you made my day  
Give you all these years  
I don't mind what people say

I said love me more  
Let's try my heart  
Like before  
Oh, can you hear my heartbeat ?  
Can you hear my heartbeat ?  
I said love me more  
The king of clouds  
I give you all  
Oh, can you hear my heartbeat ?  
Can you hear my heartbeat ?

In the shadows in the moonlight  
Oh, between the hard frontiers  
Hear the ocean beating inside  
Oh, the pain over fears  
Can you see my tears ?  
Babe, ooh you made my day  
Give you all these years  
I don't mind what people say
