Oh, you're flirting with disaster In that lonely night café
And you made my heartbeat faster
Baby, love'll find the way
Can you see my tears?
Babe, ooh, you made my day
Give you all these years
I don't mind what people say

I said love me more
Let's try my heart
Like before
Oh, can you hear my heartbeat?
Can you hear my heartbeat?
I said love me more
The king of clouds
I give you all
Oh, can you hear my heartbeat?
Can you hear my heartbeat?

In the shadows in the moonlight Oh, between the hard frontiers Hear the ocean beating inside Oh, the pain over fears Can you see my tears? Babe, ooh you made my day Give you all these years I don't mind what people say
