

Ayo

Blue

Ayo, where you goin?
What's your name? How you doin?
Ayo, what you drinkin?
Watching you, I've been thinking

I can be your hustler, you can be my diva
We can be like Bonnie and Clyde
Let's lose all these people
Get another deal
We can rock until the morning light

Girl, you're just the baddest thing I've seen
Love the way you dance, come and dance with me
Let's play a game of make believe
Let's pop this off like it's New Year's Eve

Ayo, now we're movin
To the beat, keep it grooving
And I wanna move you closer
'Cause I wanna feel you

Parties like a rockstar
Like a model, she's hot
She can do whatever she likes
How she whisper softly
Pushes back upon me
I can stay here with you all night

(2x):

Girl, you're just the baddest thing I've seen
Love the way you dance, come and dance with me
Let's play a game of make believe
Let's pop this off like it's New Year's Eve

Aye, I know you like that camera
You know that I want you, the way I'm lookin at ya
Body movin like an exotic dancer
You know how to use it, I call it gangsta
Troy Boy has met another banger
We keep it movin from here to Atlanta
Naughty girls, yea I wanna spank ya
Stand to attention, be my good master

Ayo, tell me what's your name
It's only polite, I'll tell you mine
Come with me to the back of the club where, well we can dance all night
I know you're bout it bout it, so let's not waste no time
Let's get a little privacy
And our bodies in and throw away the key

(2x):

Girl, you're just the baddest thing I've seen
Love the way you dance, come and dance with me
Let's play a game of make believe
Let's pop this off like it's New Year's Eve

All the ladies, all the fellows

All my people, singing ayo
All the ladies, all the fellows
All my people, singing ayo
