

# Curtain Falls

Blue

We come from humble beginnings and  
Who could have guessed it when  
You sit and doubt it and  
Things aint all that bright  
But we made it though the night  
It's like a game of truth or dare  
If you can make it here  
You'll make it anywhere  
That's what we've been told  
But the stories getting old

Together we faced the cold outside  
No one can say we didn't try  
And I will never give you up or let you go  
Together we faced our final fears  
Remember the moments that we shared  
That's why I'll never give you up or let you go

We'll be ready when the curtain might fall  
Feel my heart beating when the crowd calls  
I gotta read between the lines  
Cuz I'm living out the script of my life  
Cuz we all got a part we must play  
And I've done it but I've done it my way  
I gotta read between the lines  
Oohh (oohh)  
In the script of my life

We started out many years ago  
No one will ever know  
How far we've really come  
Since we walked away  
And no more words to say

And we made a lot of sacrifice  
Undid a lot of ties  
Fought a lot of fights  
To get where we are now  
Just don't ask me how

Together we faced the cold outside  
No one can say we didn't try  
And I will never give you up or let you go  
Together we faced our final fears  
Remember the moments that we shared  
That's why I'll never give you up or let you go

We'll be ready when the curtain might fall  
Feel my heart beating when the crowd calls  
I gotta read between the lines  
Cuz I'm living out the script of my life  
Cuz we all got a part we must play  
And I've done it but I've done it my way  
I gotta read between the lines  
Oohh  
In the script of my life

We'll be ready when the curtain might fall  
Feel my heart beating when the crowd calls  
I gotta read between the lines  
Cuz I'm living out the script of my life  
Cuz we all got a part we must play  
And I've done it but I've done it my way  
I gotta read between the lines  
In the script of my life

We'll be ready when the curtain might fall  
Feel my heart beating when the crowd calls  
I gotta read between the lines  
Cuz I'm living out the script of my life  
Cuz we all got a part we must play  
And I've done it but I've done it my way  
I gotta read between the lines
