

# Find That Feeling

Blue

Heard our song on the radio  
As I was driving home  
Just thought for a minute, I was reliving the days that we used to know  
Tell me, how are you feeling?  
Is it the same for you?  
We cannot go changing back to the days of when we were in our youth

We can't throw away  
The best days of our lives  
When it's so strong the feeling never dies  
Gotta find a way  
To make it happen tonight

Let's stop and can we just take a minute  
To go back to the beginning?  
To be young and to be foolish  
No one said that we could do it  
Didn't think about tomorrow  
Through the highs and through the sorrows  
I know we can find that feeling again

Find that feeling, find that feeling

Looking back on our innocence  
We'd stay up all night  
To think we were strangers, turning the pages, always by my side

We can't throw away  
The best days of our lives  
When it's so strong the feeling never dies  
Gotta find a way  
Make it happen tonight

Let's stop and can we just take a minute  
To go back to the beginning?  
To be young and to be foolish  
No one said that we could do it  
Said that we could do it  
Didn't think about tomorrow  
Through the highs and through the sorrows  
I know if I stumble and fall you'll be with me until the end  
Right now, we can find that feeling again

Find that feeling  
Find that feeling  
Find that feeling again  
We can find that feeling again  
Find that feeling  
Find that feeling  
Find that feeling again

Can we just take a minute  
To go back to the beginning?  
To be young and to be foolish  
No one said that we could do it

Can we just take a minute

To go back to the beginning?  
To be young and to be foolish  
No one said that we could do it  
Said that we could do it  
Didn't think about tomorrow  
Through the highs and through the sorrows  
We know, we can find that feeling again

Find that feeling  
Find that feeling  
Find that feeling again  
We can find that feeling  
Find that feeling  
Find that feeling  
Find that feeling again

Heard our song on the radio  
As I was driving home  
Just thought for a minute, I was reliving the days that we used to know
