Blue

Blue

Hey how you doin?  
I love your body and the way you move it  
Girl you and me should make a dirty movie  
Let's spend the night together all included, all included

Let's get it on  
Let's get it, let's get  
Let's get it on  
Let's get it, let's get it

I wanna hear that wicked body sing for me  
And I can play your strings just like a symphony  
Just move that, move that booty on top of the beat beat  
And make that body sing for me

Oh oh oh, sing for me  
Oh oh oh, I'll make that body sing for me  
Oh oh oh, sing for me  
Oh oh oh, I'll make that body sing for me

Sing for me  
Sing for me  
Sing for me

Oh you're so naughty  
Get up and ride it, tonight I'm your papi  
Let's finish up this bottle of Bacardi  
I'll drink and drive you like a Maserati  
Maserati

Let's get it on  
Let's get it, let's get  
Let's get it on  
Let's get it, let's get it

I wanna hear that wicked body sing for me  
And I can play your strings just like a symphony  
Just move that, move that booty on top of the beat beat  
I'll make that body sing for me

Oh oh oh, sing for me  
Oh oh oh, I'll make that body sing for me  
Oh oh oh, sing for me  
Oh oh oh, I'll make that body sing for me

Sing for me  
Sing for me  
Sing for me

I wanna hear that wicked body sing for me  
And I can play your strings just like a symphony  
Just move that, move that booty on top of the beat beat  
I'll make that body sing for me

Oh oh oh, sing for me

Oh oh oh, I'll make that body sing for me  
Oh oh oh, sing for me
