

Summer Job (Summer Job)

Blue

And you're thinking 'bout stopping, hanging round the record store
And when you get back to town you're gonna sell your skateboard
And you've been pulling your sleeves over your tattoos
And you're thinking 'bout going back to school

It's just a summer job in a holiday town
Nobody knows you there anyway
It's just a summer job, don't let it bring you down
Just something to get you through to the fall

And they didn't tell you about the uniform
Or tying your hair back in a ponytail
And when you're at work you're not supposed to use your phone
It's like being in some kind of jail

It's just a summer job in a holiday town
Nobody knows you there anyway
It's just a summer job, don't let it bring you down
Just something to get you through to the fall

And lately there's somebody hanging round too much
And he's kind of cute and kind of bad and down on his luck
And he makes you smile and he makes everything better
And last night you found yourself looking for shifts in September

It's just a summer job in a holiday town
Nobody knows you there anyway
It's just a summer job, don't let it bring you down
Just something to get you through to the fall
It's just a summer job
