

Ultraviolet

Blue

Those eyes
Neon in the moonlight
I've been taking my time
But I ain't waiting for the sunrise

Rhythm in the city
Pumping heartbeat like the colour of a sound, yeah
It's not the words we don't speak
You just feel me
Ain't no stopping it now

Gotta move your body
Make it hypnotic
Get supersonic
We'll shine like ultraviolet
Pop it, dance with me drop it
Ain't gonna stop it
We'll shine like ultraviolet, da-da, da-da-da, da-da-da
We'll shine like ultraviolet, da-da, da-da-da, da-da-da
We'll shine like ultraviolet, da-da, da-da-da, da-da-da

Rhythm in the city
Pumping heartbeat like the colour of a sound, yeah
It's not the words we don't speak
You just feel me
Ain't no stopping it now

Gotta move your body
Make it hypnotic
Get supersonic
We'll shine like ultraviolet
Pop it, dance with me drop it
Ain't gonna stop it
We'll shine like ultraviolet, da-da, da-da-da, da-da-da
We'll shine like ultraviolet, da-da, da-da-da, da-da-da
We'll shine like ultraviolet, tonight

Yeah, ooh
We'll shine like ultraviolet
Yeah, ooh
We'll shine like ultraviolet, tonight
