Blueface

Found a bitch on SkipTheGames.com
Lil' baby call me dad, I don't even know her mom
Cool, calm, collected, all my bitches productive
All my money deducted, all the instructions instructive

Church on Sundays, bitches showin' on Monday (Ooh)
Tuesday, Wednesday, ain't seen her since Thursday (Wow)
Lost it all in Vegas and all the hard ways
I'm at the Mandalay Bay, hoes on the Andalay Bay (Yeah)
Hold this player card, might have to play that card (Aight)
When I see these bras, I just have to get on a bae
Every day is the weekend, ain't never had a weekday (Ayy-ayy)
I give a bitch the boot, fuck, I give a leeway

But, but, but, ain't no buts, it's my way on the highway (Yeah)
I give a bitch the boot the day of B-day (Aight)
I'll let a bitch leave forever get leeway (Ooh)
Every time, I check the time, Patek Philippe
If you don't suck dick, get out on the freeway
Everybody know, I'm gettin' money 'cause he say, she say
Every time, I'm pull up in there (Yeah)
They run in the walkway (Aight)
Bitches talk, niggas talk more than crack a den
Everyday for me, it's Friday, I don't have no weekdays
'Cause I'm in the club with the bitches, right next to the DJ (Bop)
Bottle full of bud, every day my sheeter (Bleed)
If they ask, you did it? School Yard Crip bidness (Scoop)

Boo-bop-bang, eight rings pullin' strings from the cockpit
Last time I left (Right), bitch, damn, they lost it
Lately, I've been making way more money than the bosses
Like fuck this and fuck that, I ain't tripping off the losses
I just came for the bitches, niggas trapped in a closet
I'm back on that dark shit, I might just put the balls in

Fuck it! Take it all in (Yeah-yeah)
I got bitches breakin' in and give me the skins
Never miss a whole 'bout a hair on her chinny chin (Ooh)
Around here we caught that shit a lil' 20 twin
Du-du-du-du, fans knockin' at the windows
Du-du-du-du, big blow make a broke nigga limbo
