

Patience

Blueface

Diamonds lookin like a light show, sparkling
I just wanna fuck wit shawty no she ain't my darling
Shawty know I'm rich she seen me pull up in that Rarri
I know about 100 different ways to get money
Heard you want it but you gotta have patience
Brand new wraith got the stars like a spaceship
We been chillin all night on that late shift
I heard shawty broke as fuck he need some maintenance

If she real then she probably know it's too late
Made a hundred thousand dollars on a Tuesday
I just got a Thotiana like I'm blue face

Blueface baby please don't at me
Niggas going broke trynna keep a hoe happy
Buy her a house I bet she ask about the car key
Give her the world I bet she asked you for the stars please
Don't cross me because they gone recognize that AP
If she bleed for a whole week and don't die don't trust the bitch trust me
The only issue is you not me
I know you ain't bless me I blessed you

Diamonds looking like a light show got me looking like a target
Rich upon my chains and I swear to god I'm sparking
And I'm with the gang 50 deep up in the party
That mean I'm with some killers and they ready to get it started
And we sent shots pop out get naughty
Told the opps don't get outta pocket
We ain't lackin you know my lil bronem got the rocket
Throwing dirt on my name watch how bad I'm like the auction

Diamonds lookin like a light show, sparkling
I just wanna fuck wit shawty no she ain't my darling
Shawty know I'm rich she seen me pull up in that Rarri
I know about 100 different ways to get money
Heard you want it but you gotta have patience
Brand new wraith got the stars like a spaceship
We been chillin all night on that late shift
I heard shawty broke as fuck he need some maintenance
